SCHOLAR

WRITING BOARDS

Life Time Warranty

Low Maintenance

Scratch Resistant

Smoother Writing

Improved Erasability

SCHOLAR bring you **p³ceramicsteel** WRITING SURFACE FROM ALLIANCE. A SUBSIDIARY OF POLYVISION CORP USA. THE **p³ceramicsteel** represents a revolution in ceramic steel technology & is the third generation of ceramic steel writing surface for marker boards and chalk boards.

SCHOLAR p³ceramicsteel Boards prove to be the right tool for direct transfer of information during teaching session, seminar, discussion, planning and organisational meeting.

Characteristics of the **p³ceramicsteel** surface

- ♦Vitrified glass-hard ceramic surface fused to light gauge enameling grade steel at more than 800°C. High resistance to impact damage, abrasion, scratching and colour fading. Guaranteed to last a lifetime & 100 % non-combustible.
- ♦Provides an ultra-smooth finish to the marker and chalk board.
- ♦The dry markers and chalk glide easily with minimal friction, minimal marker wear and maximum coverage.
- ♦Allows the perfect combination of colour, reflection, contrast and visibility under optimal distortion and reduced surface glare.
- ♦Steel sheet construction enables the use of various kinds of magnets and magnetic symbols, thus making it easy to post charts, memos, maps, posters etc.

SCHOLAR **p³ceramicsteel** BOARDS

- ♦New attractive silver anodized framing.
- ♦Rounded corner with multicolour caps enhance the decor of any office.
- ♦Adjustable wall hanging clamps.
- ♦Galvanized steel backing to prevent distortion & make it moisture proof.

WHITE BOARD (ULTRA GLOSS)

White Boards can be written with all dry erasable, semipermanent and permanent marker pens. Dry marker writing can be wiped off easily with a dry cloth or marker board eraser. Semi permanent and permanent marker pen writing can be removed using an appropriate cleaning aid or solvent. It is easy to write and erase.

WHITE BOARD (LOW GLOSS)

Low gloss white surface is available, thanks to the most advanced matting technique. The white low gloss surface can be used as writing board or as projection screen. This helps combine a photographic image with personal written notes.

CHALK BOARD (ULTRA MATT)

Chalkboard surface is made from ceramic steel having very fine matt structure, specially formulated for writing to create clear, sharp & unbroken lines. These lines can be seen from any angle & considerable distance. Dry wipe the board to a clean surface in single stroke.

The specially designed set of accessories containing Dry Markers, Magnetic Erasers & Magnets are available. A range of magnetic buttons, symbols and accessories are available to make your presentation more effective.

It is necessary for Schools, Colleges, Corporate Offices, Training centres, Conference Rooms and Technical Institutions.

Available in a range of standard sizes to suit individual requirement.

Also available :

Synthetic White / Green Chalk Boards, Pin up Boards, Notice Boards, Combi Boards, Steel Easel Stands, Lobby Stands, Pager Boards, Revolving Board Stands, Exhibition Panel Stands, Flip Chart Stands, Audio-Video Trolleys, Memo Pads.
